Reasons for Allowance

The following is an examiner's statement of reasons for allowance of claim 1-9 and 11-24:

With respect to claim 1, the prior art does not teach an image forming apparatus, comprising: an image reading unit which reads image information and surface quality from a subject copy and supplies image data and surface quality data; *an image processing unit comprising a recorded image preparing means for preparing image data for recording based on the image data and a surface quality determining means for determining the surface quality of the subject copy from the surface quality data and preparing surface quality determination data; and an image output unit having an image forming means for forming an image on a sheet based on the image data for recording and a surface treatment means for performing surface treatment on the sheet on the surface quality determination data*, wherein the surface treatment means comprises a sheet heating means having a contact member in the form of a sheet, *the sheet heating means heating the sheet while a surface of the sheet is in contact with the contact member; and sheet cooling means for cooling the sheet being kept in contact with the contact member.*

With respect to claims 2-9 and 11-24, these claims are allowable since they depend on an allowable independent claim (claim 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
